## DETAILED ACTION

### *Reasons for Allowance*

1. Claims 1-8, 11-16, 18-24 and 26-32 are allowed.
2. **Examiner's Statement of Reasons for Allowance:**

Applicant(s) invention relates to a power generating system, and more specifically, to a power generating system control scheme.

The system has a generator with DC storage or source device and a bi-directional conversion unit to provide power to a bus. The claimed scheme provides control for a bi-directional operation of the conversion unit.

There are inventions in the field that provide similar functionality and/or have similar features, as prior art of record shows. Applicant(s) invention differs from the prior art of record by the configuration of the control scheme, as disclosed and claimed in applicant(s) amendment, and which examiner search failed to find.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the Issue Fee and, to avoid processing delays, should preferably accompany the Issue Fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
